# Overview

Come to Japan after our Golden Week Holiday in the first week of May as it is arguably the most comfortable season all year. Start with the capital Tokyo and enjoy from contemporary art to pop culture which make the city so unique. Make it Hakone for a great view of Mt Fuji and onsen. In Kyoto dive into the refined tradition of the old capital as well as the greenery of the suburban Miyama town. Check out art installations and museums which the world-famous architect Tadao Ando was involved in Naoshima. Get a bike and hit the ground running in Shimanami Cycling Road while taking in a marine view of Seto Inland Sea. Learn the history of the atomic-bombed Hiroshima in Peace Memorial Park and taste the must try food Okonomiyaki.
